

Performance, Innovation, Value

SABIC Innovative Plastics is a world leader in providing engineering thermoplastic resins, film and sheet products that are widely used in automotive, healthcare, consumer electronics, transportation, performance packaging, building and construction, telecommunications, and optical media applications. With over 75 years of success and a legacy that has defined the industry since its inception, we have an unmatched ability to provide solutions to consumer, both globally and locally.

Through SABIC Innovative Plastics' legacy of innovation, we bring leading edge technology to our customers for improved performance and ground breaking style. Each innovation we develop to meet the changing needs of our customers combines the rich tradition of our materials expertise with market insight. Around the globe, we are helping to redefine the way our customers design, from concept to reality.

Through our Global Application Technology Centers, we collaborate with our customers to provide tailor-made and added-value solutions for their application challenges. From customer needs analysis to concept development; from engineering analysis to the development of actual parts, our emphasis on innovation, advanced engineering, and flexibility is demonstrated in each stage of the application development process. With our people, cutting-edge process, materials technology capabilities, and global expertise, we help our customers meet marketplace challenges and grow their businesses.

Performance, Innovation, Value

The passion to create the extraordinary everyday.

We are the pioneer in engineering thermoplastics. Everyday our people redefine the industry with passion, creativity and innovation to create breakthrough solutions that enable safer, more durable and higher performance products. We work side-by-side with our customers to transform new ideas into extraordinary solutions that enable their success.

Product portfolio

Lexan* resins Clarity and superior impact		Lexan (PC), Cycloy* (PC/ABS), Lexan* SLX, Lexan* EXL, Lexan* XHT, Lexan* DMX
Noryl* resins Dimensional stability and electrical performance		Noryl (PPE/HIPS), Flexible Noryl*, Noryl GTX* (PPE/nylon), PPO* (PPE)
Crystalline performance polymers Chemical resistance and excellent impact		Valox* (PBT), Xenoy* (PC/PBT) Xylex* (PC/polyester), Valox* iQ, Xenoy* iQ
High performance polymers Superior heat and mechanical strength		Ultem* (PEI), Extem* (TPI) Siltem* (PEI/Siloxane)
Cyclocac* and Geloy* resins Medium Impact and weatherable performance		Cyclocac (ABS) Geloy (ASA)
LNP* compounds Specialty performance through compounding		Thermocomp*, Lubricomp*, Lubriloy* Stat-Kon*, Faradex*, Verton*, Starflam*
Specialty sheet & film High temp. film and high impact sheet		Lexan PC film/sheet, Ultem film/sheet, Thermoclear* sheet
